LINN TRUITT: A HARD-DRIVING WOMAN

by Ed Dougherty, Jr., News Department

Last week all the attention here at Rosecroft was focused on the visiting women drivers from around the world competing in the fourth leg of the Women's International Driving Tournament. But after watching them compete don't assume that the Bea Farbers of the United States and the Agnese Palagis of Italy are necessarily the cream of the ranks of women drivers. If it's talent you're looking for, you don't need to go to Hazel Park, Mich., or to the celebrated Hippodrome Raceway outside of Rome.

Patrons who were here this past Tuesday and saw 21 year-old Linn Truitt score with Nanticoke Gale in the second round of the Fall Freshman Series will know what we mean when we say that one of the most promising drivers to come along in years, male or female, is getting her start right here at Rosecroft.

By Linn's own figuring, it hasn't even been a year since she first drove a horse under the scrutiny of the racing judges. In the space of 11 months her talents have brought her wide critical acclaim. Hubert Jackson, a veteran here at Rosecroft and the first to recognize Linn's talents, sees her as "the best new driver to come along in the past 10 years".

Truitt hails from Sharpstown, Maryland, a tiny hamlet that sits squarely on the Maryland-Delaware line. That puts her at least two hours from Rosecroft. She completes the four hour round-trip at least three nights a week. She works her four-horse stable right on the farm at home where she's carved a sandy half-mile track out of the large soybean field out front. Behind the house is the Nanticoke River, where Linn has put together her own version of a whirlpool bath - a paddock that goes right into the river so her horse's legs can be soothed both by the salt water and the flow of the river.

The small stable, which Linn runs almost entirely by herself, allows her to give greater attention to each horse. When you're dealing almost exclusively with eight to ten thousand dollar claimers - Nanticoke Gale being the notable exception - that extra bit of attention can sometimes make all the difference. Other horses in Linn's stable horses that race regularly here at Rosecroft are Toronto Express, Windy's Carlisle, Foxy Dean, and, a recent claim, Rebel Ralph.

Eighteen hour days, and an innate horse sense, together are what make Linn Truitt a threat in almost any race she has a drive in. In harness racing, one year of experience is like a drop in the Potomac. And yet Truitt has done more in that year of racing than many developing drivers could hope for in three. So don't be surprised if the next time that Women's Driving Tournament comes to Rosecroft, there's a familiar name representing the United States Linn Truitt has that much potential.

Coming Thursday, Oct. 26 here at the Raceway on the Beltway, is the advent of the "\$5.99 Special," when each of our patrons will receive a souvenir for good luck in exchange for a discount wager on the popular triple box.

For the mere sum of \$5.99, one may purchase a triple box ticket (regular price, \$6) and also receive the penny difference, which will be mounted upon a good luck horseshoe for safekeeping. The "one cent sale" bargain will be available for all three triples the first, fifth and tenth races at Rosecroft that evening.

Rules & Regulations

MARYLAND RACING COMMISSION EXACTA RULES (Harness)

1. The "EXACTA" is a contract by the purchaser of a ticket combining two horses in a single race, selecting the two horses that will subsequently finish first and second in that race. Payment of the ticket shall be made only to the purchaser who has selected the same order of finish as officially posted.
 - (a) The EXACTA is not a "Parlay" and has no connection with or relation to the win, place and show betting and will be calculated as an entirely separate pool.
 - (b) If no ticket is sold on the winning combination of an EXACTA pool, the net pool shall be distributed equally between holders of tickets selecting the winning horse to finish first and/or holders of tickets selecting the second place horse to finish second.
 - (c) If no ticket is sold that would require distribution of an EXACTA pool to winner as above defined, the Association shall make a complete and full refund of the EXACTA pool.
 - (d) In case of a dead heat between two horses for first place, the net EXACTA pool shall be calculated and distributed as a place pool to holders of tickets of the winning combinations. In case of a dead heat between two horses for second place, the EXACTA pool shall be figured as a place pool, the holders of tickets combining the winning horse and the two horses finishing second participating in the pay-off.
 - (e) In the event of a dead heat for second place, if no ticket is sold on one of the two winning combinations, the entire net pool shall be calculated as a win pool and distributed to those holding tickets on the other winning combination. If no tickets combine the winning horse with either of the place horses in the dead heat, the EXACTA pool shall be calculated and distributed as a place pool to holders of tickets representing any interest in the net pool.
 - (f) The EXACTA wagering is not permissible on races containing either a coupled entry or "Field Horses."

TRIPLE WAGERING MARYLAND RACING COMMISSION RULES

1. The Triple is a contract by the purchaser of a ticket combining three horses that will subsequently finish First, Second and Third in that race. Payment of the ticket shall be made only to the purchaser who has selected in the same order of finish as officially posted.
2. The Triple is not a parlay and has no connection with or relation to the Win, Place and Show betting and will be calculated as an entirely separate pool.
3. Triple tickets shall be sold in not less than \$3 denominations.
4. If no ticket is sold on the winning combination of a Triple pool, the net pool shall be distributed to the holders of tickets selecting the Win and Place finishers in that order. If no ticket is sold combining the Win and Place finish, the net pool will be distributed to the holders of tickets selecting the winner and the show horse. If no ticket is sold combining the Win, Place and or Show finishers the net pool will be distributed to the holders of tickets selecting the winner. If less than three horses finish, the payoff will be made to holder of tickets selecting the finishing horses in order, ignoring the balance of the selection.
5. If no ticket is sold that would require distribution of the net Triple pool to a winner as above defined, the Association shall make a full refund of the Triple pool.
6. In the event of a dead heat or dead heats, all Triple tickets selecting the correct order of finish, counting a horse in a dead heat as finishing in either position dead heated, shall be winning tickets. The payoff will be calculated as a Place pool by dividing the net Triple pool by the total purchase price of winning tickets.
7. In the event of a scratch in the Triple no exchanges will be made. All tickets which include the scratched horse are eliminated from further participation in the Triple pool and will be refunded. Refunds on key horse wheel tickets may be made after the Triple race is official. Key horse wheel tickets will be sold during the entire Triple wagering period at the posted price used when Triple wagering opens.
8. Coupled entries or fields are prohibited in Triple races.
9. Triple tickets shall be sold only by the licensee through pari mutual machines programmed to print all selections on one ticket. The design of Triple tickets shall be clearly and immediately distinguishable from other pari mutual tickets. Resale of such tickets from one individual to another is prohibited and shall be grounds for ejection.

"TRIPLE" RACE REGULATION

If for any reason the "TRIPLE" race field is reduced to seven interests or less before wagering is opened for the "TRIPLE," the race will be run as an Exacta race. If wagering has opened for the "TRIPLE" race and the field is reduced to seven interests or less, the judges shall determine whether the race shall be run as a "TRIPLE" or whether the "TRIPLE" will be cancelled and all "TRIPLE" wagering will be refunded.

TEMPERATURE AND RACING CONDITIONS

Your official program now provides helpful weather conditions at the end of each horse's performance line. Temperature and, if necessary, time allowance due to cold weather, are shown

EXAMPLE: 23 minus 2 i.e. (23-2)

This means the actual temperature was 23, but with wind chill factor the mile may be approximately 2 seconds slower than normal performance. Racing officials determine the time allowance based on weather factors.

ROSECROFT RACEWAY

EMERGENCY ADMISSION

In the event the Racing program is cancelled prior to the running of the sixth race, an emergency pass will be issued to each patron as they exit thru their respective grandstand or clubhouse turnstiles. The pass will be good for any racing program for the remainder of the meeting.

NO CASH REFUND!

CLASSIFICATION and ELIGIBILITY

CONDITIONED RACES

In conditioned races horses are grouped by certain conditions published by the Racing Secretary. These conditions include gait (trotter or pacer) and may include age, sex, money winnings, number of starts and number of races won. The condition on earnings and number of races won may apply to the meeting in progress, the current season, a previous season or possibly the lifetime earnings or victories of the horses involved.

For example, a condition might read "For 3-year-old pacing fillies, non-winners of \$2,500 in 1977 or two races at this meeting." This condition specifies gait (pacing), age (3-year-olds), sex (fillies), money earnings in a previous season (less than \$2,500 in 1977) and number of races won at the current meeting (less than two).

Conditions are written by the Racing Secretary to provide regular opportunities for the horses competing at Rosecroft. The secretary surveys the horses available, writes conditions fitting these horses to bring together fields of equal ability, and then offers the conditions to the horsemen in the form of a "condition book." The horsemen then select the conditioned races they think best for their horses and declare (enter) three race days prior to race day (three-day box).

CLAIMING RACES

In claiming races horses are grouped by value and entered by the owner or his agent at the price they feel best suits the particular horse. Claiming races are written in various price brackets by the Racing Secretary (\$2,000, \$4,500, \$7,500, \$10,000 etc.) to accommodate the horses available at the track.

A claiming race affords the owner (or his agent) the opportunity to classify his own horse by determining the horse's claiming price. Generally speaking, the higher the claiming price, the better the grade of horse, and the faster the race.

Any horse in a claiming race may be claimed for the amount designated but no person shall claim his own horse, or cause his horse to be claimed directly or indirectly for his own account, nor shall any person claim more than one horse out of the same race. Eligible claimants — owners (or their agents) that have declared a horse programmed to start in a purse race at the meeting where the claim is to be made — must have to their credit with the association or state steward an amount equivalent to the specified claiming price plus state sales tax.

If a horse is claimed it shall not start in another claiming race until 30 days have elapsed unless such horse is entered for a claiming price at least 20 per cent greater than the price at which it was claimed.

A horse claimed shall be delivered by the original owner to the successful claimant upon authorization by the stewards.

EARLY & LATE CLOSING RACES

In early closing races horses are entered at least six weeks prior to the race, usually by payment of a nominating fee, and they then remain eligible for the race (providing subsequent sustaining payments and starting payments, if required, are made) regardless of their performance and progress after the nomination date.

In late closing races, entries close less than six weeks but more than three days before the race is to be contested.

STAKE RACES

In stake races horses are entered (nominated) a year prior to the race, usually by payment of a nominating fee, and they then remain eligible for the race (providing subsequent sustaining and starting payments, if required, are made) regardless of their performance and progress after the nomination date. A horse that meets the conditions of a stake race at the time of closing (nomination date) remains eligible regardless of how much money he might win between the time of nomination and the race.

PREFERRED RACES

Preferred races are limited to the fastest horses at the meeting. These may be Free-For-All Races, Invitational Races, or Preferred Conditioned Races.

STARTING RULES

(i) There shall be no recall after the word "go" has been given and any horse, regardless of his position or an accident, shall be deemed a starter from the time he entered into the Starter's control unless dismissed by the Starter.

(j) The Starter shall endeavor to get all horses away in position and on gait but no recall shall be had for a breaking horse. Except as provided in (k).

(k) The Starter may sound a recall only for the following reasons:

(1) A horse scores ahead of the gate. (2) There is interference. (3) A horse has broken equipment. (4) A horse falls before the word "go" is given. (5) Where a horse refuses to come to the gate BEFORE the gate reaches the pole 1/4 of a mile before the start, the field MAY be turned.

BREAKING RULES

(a) When any horse or horses break from their gait in trotting, or pacing, their drivers shall at once, where clearance exists, take such horse to the outside and pull it to its gait.

(b) The following shall be considered violations:

(1) Failure to properly attempt to pull the horse to its gait. (2) Failure to take to the outside where clearance exists. (3) Failure to lose ground by the break.

(c) If there has been no failure on the part of the driver in complying with (b)(1), (2) and (3), the horse shall not be set back unless a contending horse on his gait is lapped on the hind quarter of the breaking horse at the finish.

(d) The Judges may set any horse back one or more places if in their judgment any of the above violations have been committed.

NEW INTERNAL REVENUE

LAW ON WINNINGS

Before receiving payment of \$600 or more in gambling winnings, if such winnings are at least 300 times the amount of the single wager, a person (or persons) presenting a winning ticket (payee) must provide proper identification. The required identification must be the name, address and social security number of the actual winner; that is, the person (or persons) owning the winning ticket.

Federal Income Tax must be withheld as a cash deduction at a rate of 20%, on any winning payments of more than \$1000 (if at least 300 times the amount of the single wager) after the amount of the wager has been subtracted. If more than one person shares in the winnings from a single wager, the aggregate amount of the winnings shall determine whether or not the winnings are more than \$1000.
